MASTERS OF WAR

Come you masters of war
 You that build all the guns
 You that build the death planes
 You that build the big bombs
 You that hide behind walls
 You that hide behind desks
 I just want you to know
 I can see through your masks

You that never done nothin'
 But build to destroy
 You play in my world
 Like it's your little toy
 You put a gun in my hand
 And you hide from my eyes
 And you turn and run farther
 When the fast bullets fly

Like Judas of old
 You lie and deceive
 A world war can be won
 You want me to believe
 But I see through your eyes
 And I see through your brain
 Like I see through the water
 That runs down my drain

You fasten the triggers
 For the others to fire
 Then you set back and watch
 When the death count gets higher
 You hide in your mansion
 As young people's blood
 Flows out of their bodies
 And is buried in the mud

You've thrown the worst fear
 That can ever be hurled
 Fear to bring children
 Into the world
 For threatenin' my baby
 Unborn and unnamed
 You ain't worth the blood
 That runs in your veins

How much do I know
 To talk out of turn
 You might say that I'm young
 You might say I'm unlearned
 But there's one thing I know
 Though I'm younger than you
 Even Jesus would never
 Forgive what you do

Let me ask you one question
 Is your money that good
 Will it buy you forgiveness
 Do you think that it could
 I think you will find
 When your death takes its toll
 All the money you made
 Will never buy back your soul

And I hope that you die
 And your death'll come soon
 I will follow your casket
 On a pale afternoon
 And I'll watch while you're lowered
 Down to your death bed
 And I'll stand o'er your grave
 Till I'm sure that you're dead.

"In the mess hall, I put my head down on the table and hear the noises. I can hear the noise of forks and spoons hitting the metal food trays and the steady, constant hum of the inmates talking. A few hundred men all in one room. Sometimes the noise almost drives you out of your mind. It seems like you can hear everyone's voice separately but you can't make out what they're saying. It's almost like the steady constant hum of a giant generator or the noise you hear on the beach with the waves coming in one right after the other. I can't stand that sound. I hate it."

SEE THE U.S.A. IN YOUR CHEVROLET...

BUT BE CAREFUL ON THE TURNS.

If you drive a 1965 to 69 full-size Chevrolet or Nova V-8, or a 67 to 69 Camaro V-8, you're in serious danger.

Those cars were built with faulty engine mounts.

If one breaks and the engine shifts, it can jam your accelerator wide open and knock out your power brakes at the same time.

The greatest dangers are fast starts and turns.

Several thousand accidents and injuries have been reported,

and some deaths have been alleged.

General Motors has announced they won't give you new engine mounts. But they have agreed to install a free safety cable that'll hold the engine in place.

That way if a mount goes, you won't.

If you're driving one of these cars, get it to a Chevrolet service department...slowly.

"The time has come to recognize that the only way to bring us—the participating citizens of a great country—together is to forthrightly declare our rejection and contempt for those who practice subversion, lawlessness, and violence."
—April 24, 1970

"A spirit of national masochism prevails, encouraged by an effete corps of impudent snobs who characterize themselves as intellectuals."
—Oct. 19, 1969

"Most of these young people who depend upon the ideology of 'the movement' for moral and mental sustenance will in time... return to the enduring values, just as every generation before them has done.

But unfortunately, there is a much smaller group of students who are committed to radical change through violent means.... This is the criminal left that belongs not in a dormitory but in a penitentiary."

Now,
Ehrlichman, Haldeman,
Mitchell, and Kleindienst
resigned because of rumors
that connected them with
Watergate.

And...
Agnew resigned because
the public believed him
guilty of tax evasion.

Richardson and
Ruckelshaus resigned because
they wouldn't obey my orders
to fire Cox who was after my
tapes.

But cheer up.
You've still got me.

We're in trouble, folks.

We have just not received enough money this fall from our subscribers, and now we're falling way behind.

Summer is normally not such a good time for money; the fall is usually different. But this fall has been pretty bad. And in past years, December, because of the holidays, has also been a hard time financially. So it really could get worse.

We know it's a tough time economically for everyone. Usually we try not to hassle people about money too much, you all know that. But the fact is that too few are paying anything at all. Now we must rely on you to help us get through another financial crisis.

Please send as much as you can afford as soon as you can.
